## FURNITURE & LIGHTING

Donghia furniture and lighting is designed to welcome, comfort and compliment people. For more than 40 years, we have remained true to the mission of our founder, Angelo Donghia, to “make people feel gorgeous and beautiful in their surroundings.”

With a distinctly urban, contemporary style, Donghia uses only the finest materials and tailors them with unrelenting attention to detail. Through time-honored techniques and superior craftsmanship, Donghia creates modern heirlooms of unparalleled quality.

The Donghia 2018-2019 Furniture & Lighting Collection is comprised of new upholstery, tables and a bench with emphasis on sensuous shapes and unparalleled woodworking. Donghia has also expanded upon timeless pieces from the existing line with additional offerings derived from classic shapes and in several new finishes.

Exceptional comfort and easy elegance are Donghia trademarks, and incomparable service and quality for life is in our DNA. We invite you to enter the world of Donghia.
