

RUBELLI

Furniture Contract Portfolio

Welcoming spaces
of sophisticated and comfortable furnishings
succeed in making us feel at ease.

Rubelli Group

We design, manufacture and market high-quality furnishing products, in particular fabrics for residential and contract use, as well as wallcoverings and furniture collections.

ABOUT

RUBELLI

Rubelli Casa

Launched in 2015 Rubelli Casa furniture collection presents ideas and solutions that combine design, refined materials and high-quality craftsmanship.

Thanks to its vast range of products, Rubelli Casa is suitable for any kind of contract projects: hotels, restaurants, stores, cruise ships.

PRODUCTS

RUBELLI

An all-textile iconic piece

Pila-47

A collection of original all-textile armchairs in which the true key feature is fabric.

Created exclusively for Rubelli by the young designers Nava + Arosio, Pila-47 represents a new concept in seating.

Handmade throughout, it is capable of enhancing the potential of the fabric, regaining the idea of beauty of the materials themselves and of their natural lines.

An innovative material

Damantio® is an innovative material created and patented by Rubelli in 2017 and produced in Italy.

It is a decorative material used for furniture and accessories in residential and contract projects thanks to a high resistance to heat, to aggressive chemical products and to stains.

Available in silver and bronze versions, its special feature is the retaining of its three-dimensionality.
